

Dragon Gate Kungfu Academy

Youth Classes

Little Dragons

Children 4 – 7. Emphasizing body awareness, coordination, basic listening skills and FUN..

Kids Class

Children 8-12. Introduction to martial techniques and movements, with emphasis on proper discipline and etiquette. Students are encouraged to set and achieve goals using a rewards-based approach to reaching milestones. Advanced students are given the responsibility of helping their peers to develop skills while continuing to work on their own technique. Basic weapons training within the class helps to develop hand-eye coordination while maintaining a safe, respectful environment.

Teen & Adults Class

Ages 13+ Instruction offered for all skill levels. Students who move up from youth classes are introduced to advanced theory, additional weapons and techniques that build on core skills with a concentration on self improvement and defense. New Teen and Adult Students begin in our First Belt Program.

FOR NEW REGISTRATIONS - FIRST CLASS

All new students should attend an Introduction / intake session **BEFORE** their first official class. This intake and introduction allow us to get much needed face time with students and parents. We can discuss the students' interests, needs, parents goals and helps establish an open line of communication between them and the instructors. It also provides an opportunity to work one on one with the new student for a few minutes explaining some etiquette and expectations, and even the basic bow. This helps relieve some of the pressure of being a completely new student, in a new class with new people.

New Students/Parents should use the call list below to contact one of our instructors and schedule their Intake/Intro Session.
